MEMORANDUM FOR: Director of Training

FROM : Chief, Intelligence School

SUBJECT : Weekly Activities Report #40
1 - 7 October 1958

1. Dr. [] has audited all sessions of the JOT Program. His view confirms to other opinions, that it is going very well so far.

2. Problems of overlap in the use of research tools and methods between the 7-week SIC course and the 4-week IT have been examined jointly by C/IS, Mr. []. By emphasizing in the former the substantive conclusions drawn from the literature, and selecting carefully the topics for student research in the Communism course, serious overlap with the research methods training of the ITC will be avoided.

3. Use of the R&S Auditorium for exhibits during half days 29 and 30 October now appears very difficult; the original plan, to have SIC students in discussion groups and study during this time is not feasible within the schedule as now worked out. We are endeavoring to find suitable space for regular class sessions of the SIC to be held; failing this, the exhibits will have to be cancelled, and the USIB visitors dis-invited until after the first of the year.
